Introduction

The aim of this report is to show attendance of museums and galleries in England and suggest ways to increase it.

Data Summary

In recent years attendance rate of most museums and galleries had increased respectively. For instance, (British Museum, National Gallery and Tate Gallery). In 4 years attendance of British Museum, National Gallery and Tate Gallery had increased in two times.

That can be explained by pea increased interest of people in history and art, as well as tourism development in England. However, Natural History Museum and Science Museum lost their popularity due to introduced admission charges in 2014.

Comparison

According to Social & Statistics, the most popular museums in 2013 were Natural History Museum and Science Museum, almost 4 million people visited them per year, whereas National Gallery, Tate Gallery and British Museum had not more than 3 million attendants per year. After 2014, when Science and Natural History museums introduced admission charges, their popularity dropped dramatically, more than in two times. On the other hand, other museums became popular with tourists and visitors.

^{m.} Recommendations

To increase people's attendance of museums and galleries, I would like to suggest these ways:

- Museums which introduced admission charge should lower the fee in order to increase people's interest. As it is seen in charges does not appeal to people resulting into attendance.
- Secondly, museums and Galleries should organise regular events regularly. This will draw people's attention on them, a result more visitors will come and attendance rate will increase.

Conclusion

Conclusion

All things considered, (~~I strongly believe~~) I hope my suggestions will ~~help~~ be useful and information was. If ~~for~~ these suggestions will be taken in consideration popularity of Galleries and Museum will ~~definitely~~ rise.
